Added the visual plugin to the page	30 Oct
Leave the models working	26 Nov
Join the models and the visual part in the app	2 Dec
Completion	4 Dec

<List key milestones, management reviews, demos, etc. Color of cell indicates status.>

## Project Team

Role	Name
Professors	Nico Ledesma – Pablo Palacios
Colegio	Instituto Tecnico Saleciano Villada
Team Members	Tomas Langhi - Nicolas Steffolani

## Top 5 Risks

- Not been able to connect the visual part and the app itself
- Try to make a new form for the creation of the class objects
- Manage the time in the right way
- Implement the permission in the activities that the users can do
- Adding the method that create a new user when a object of the class Jugador or Entrenador are created
